

Would you like to see a GP or Nurse for routine appointments in the evening or at the weekend?

Try the WelHat Extended Access Service

WelHat Extended Access Service provides appointments to those who would prefer to be seen for routine appointments later in the evening or at the weekend. These appointments can be booked with the receptionist at your own GP surgery, however you may **not** see your own GP or Practice Nurse and you would have to travel to **Spring House Medical Centre** for your appointment. When booking an appointment, you will need to give permission for your medical records to be accessed and updated.

Routine appointments are available:

Monday to Friday **6.30pm - 8pm**

Saturday **8am - 4pm**

Sunday **8am - 12pm**

To book an appointment please speak to a member of your practice reception team or call Bridge Cottage on 01438 715044.

Please note these are not emergency appointments. Patients requiring emergency treatment should call Herts Urgent Care on 111.

If you need to cancel and rebook an extended access appointment please contact your own registered practice. When your practice is closed you can call 01707 294358 to leave a message.

If you would like further information about the Bridge Cottage Surgery Patient Participation Group please email ppgbridgecottage@gmail.com
